

# SCRUM MASTER | PRODUCT OWNER

The goal of this bootcamp is to help you gain the practical experience, essential skills, and knowledge needed to excel as a Scrum Master or Product Owner. You'll get hands-on practice, applying these skills to real-world situations. Plus, you'll enhance other valuable technical and soft skills. It goes beyond mere lectures and an instructor. You will actively engage in real-world scenarios and projects to understand how Scrum Masters and Product Owners can excel and achieve success in practice.

# Frequently Asked Questions

---

**Q: Are the training materials provided**

A: Yes, we provide comprehensive training materials, including course handouts, practice exercises, and reference guides.

**Q: Are the training sessions interactive?**

A: Absolutely! We believe in an interactive learning environment. Our trainers encourage active participation, discussions, and hands-on activities.

**Q:: Will I receive a certificate upon completion of the training?**

A: Yes, upon successful completion of the training program, you will receive a CPD accredited certificate

**Q:: Can I work full-time while enrolled in this course?**

A: Yes! Our part-time courses are designed for busy professionals with full-time work commitments. You'll be expected to spend time working on assignments and projects outside of class each week, but the workload is designed to be manageable with a full-time job. If you need to miss a session or two, we offer resources to help you catch up via our LMS

**Q:: What are my financing options?**

A: We understand the importance of flexible financing options, which is why we offer various payment plans, including instalment options, to suit your financial needs. Our team is here to assist you in finding the best fit for your budget. For more information on financing options, please reach out to our support team at [support@rkycareers.com](mailto:support@rkycareers.com).

# Frequently Asked Questions

---

## **Q:: Are the projects real?**

A: Yes, the projects in our training program are indeed real. We prioritize providing participants with hands-on, practical experience that mirrors real-world scenarios. These projects often involve collaborations with actual clients, allowing participants to apply their skills and knowledge to solve genuine problems and deliver tangible results. This approach ensures that the training experience is both meaningful and relevant, preparing participants for the challenges they may encounter in their future careers.

## **Q:: Is the work experience real?**

A: Candidates will work on real-life projects with clients to gain practical work experience, thereby equipping them with valuable insights, skills and the essential preparation required for success in the global job market.

## **Q:: Am I guaranteed a job?**

A: Our training programs are specifically designed to prepare you for the job market, equipping you with in-demand skills and industry knowledge. Additionally, our Career Rebranding services are available to help position you appropriately for career opportunities. While we provide comprehensive support and guidance, securing a job ultimately requires a combined effort from both parties. We encourage you to bring passion, commitment, and drive to maximize your chances of success
